Sale by the Environment Division of its road signage activity in Switzerland

Plastic Omnium finalized the sale of its 50% shareholding in Signal AG, a company registered in Switzerland specialized in road marking, signage and services.

This company, held jointly with a Swiss partner, achieved a turnover of 50 MCHF (42 M€) in 2014. The 50% shareholding were sold for 20 MCHF.

The Environment Division continues to refocus on its waste containers business with a view to grow this activity.
