RISK FACTORS

In purchasing the Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer’s control. The Issuer has identified in this Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes. The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

Prospective investors should make their own independent evaluations of all investment considerations and should also read the detailed information set out elsewhere in this Prospectus.

Terms defined in “Terms and Conditions of the Notes” below shall have the same meaning where used below.

1. Risks relating to the Issuer

The risk factors relating to the Issuer and its business are set out in particular in pages 9 to 12 of the 2012 Annual Financial Report incorporated by reference into this Prospectus, as set out in the section “Documents Incorporated by Reference” of this Prospectus and include the following:

- operational risk such as risk related to automobile programs, supplier risk, information technology risk;
- industrial and environmental risks such as health, safety and environmental risk, quality risk;
- market risks such as liquidity risk, currency risk, interest rate risk, raw material price risk;
- legal risks such as intellectual property risk, risks related to products and services sold by the company, competition risk; and
- other risks such as customer credit risk, tax risk.

2. Risks linked to the Notes

2.1 Risks related to the Notes generally

The Notes may not be a suitable investment for all investors.

Each potential investor in the Notes must determine the suitability of that investment in light of such investor’s own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus;
(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio;

(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of financial markets;

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the relevant risks; and

(vi) consult their legal advisers in relation to possible legal or fiscal risks that may be associated with any investment in the Notes.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult their legal counsel in order to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal counsel or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

No active secondary market for the Notes

An investment in the Notes should be considered primarily with a view to holding them until their maturity (i.e. 29 May 2020). Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have an adverse effect on the market value of Notes. Although application has been made for the Notes to be admitted to trading on Euronext Paris, there is no assurance that such application will be accepted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for the Notes.

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts in respect of any Notes due to any withholding as provided in “Terms and Conditions of the Notes – Taxation”, the Issuer may and, in certain circumstances shall, redeem all of the Notes then outstanding in accordance with such Condition.

In addition, the Issuer may redeem all or a portion of each of the then outstanding Notes at any time prior to their maturity date, at their relevant make-whole redemption amount, as provided in “Terms and Conditions of the Notes – Redemption and Purchase”.

Any early redemption of the Notes may result, for the Noteholders, in a yield that is lower than anticipated. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.
**Change of Control - put option**

In the event of a Change of Control of the Issuer (as more fully described in “Terms and Conditions of the Notes - Redemption at the option of the Noteholders following a Change of Control”), each Noteholder will have the right to request the Issuer to redeem or procure the purchase of all or part of its Notes at their principal amount together with any accrued interest. In such case, any trading market in respect of those Notes in respect of which such redemption right is not exercised may become illiquid. In addition, Noteholders having exercised their put option may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

**Modification of the Terms and Conditions of the Notes**

Noteholders will be grouped automatically for the defence of their common interests in a Masse, as defined in “Terms and Conditions of the Notes - Representation of the Noteholders”, and a general meeting of Noteholders can be held. The provisions of the French Code de commerce permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant general meeting and Noteholders who voted in a manner contrary to the majority.

The general meeting of Noteholders may deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions.

**Creditworthiness of the Issuer**

The price of the Notes will also depend on the creditworthiness of the Issuer. If the creditworthiness of the Issuer deteriorates the value of the Notes may decrease and investors may lose all or part of their investment.

**Rating**

Neither the Notes nor the long-term debt of the Issuer are rated. One or more independent credit rating agencies may assign credit ratings to the Notes on an unsolicited basis. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A rating or the absence of a rating is not a recommendation to buy, sell or hold securities.

**Withholding under the EU Savings Directive**

Under the EC Council Directive 2003/48/EC on the taxation of savings income (the “Savings Directive”), member states of the European Union (the “Member States”) are required to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within their jurisdiction to an individual resident in that other Member State and to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories (including Switzerland) have adopted similar measures (a withholding system in the case of Switzerland).
The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system under the Savings Directive and an amount of, or in respect of, tax is withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note, as a result of the imposition of such withholding tax. For the purpose of this section, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals or certain entities.

Please refer to section “EU Savings Directive” of the taxation’s chapter of the Prospectus for further details on the withholding under the EU Savings Directive.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “Assembly”) in order to defend their common interests if a preservation (procédure de sauvegarde), an accelerated financial preservation procedure (procédure de sauvegarde financière accélérée) or a judicial reorganisation procedure (procédure de redressement judiciaire) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a euro medium term notes programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard plan (projet de plan de sauvegarde), draft accelerated financial safeguard plan (projet de plan de sauvegarde financière accélérée) or judicial reorganisation plan (projet de plan de redressement) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing-off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give rights to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convene the Assembly.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Prospectus will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.
Change of law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial or administrative decision or change to French law or administrative practice after the date of this Prospectus.

Restricted covenants

The Notes do not restrict the Issuer or its subsidiaries from incurring additional debt. The Terms and Conditions of the Notes contain a negative pledge that prohibits the Issuer, but not its subsidiaries, in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds or similar listed or quoted debt instruments or loan agreements under format of Schuldschein. The Terms and Conditions of the Notes do not contain any other covenants restricting the operations of the Issuer. The Issuer's subsidiaries are not bound by obligations of the Issuer under the Notes and are not guarantors of the Notes.

Subject to the above mentioned negative pledge, the Issuer and its subsidiaries may incur additional debt that could be considered before or rank equally with the Notes. If the Issuer incurs additional debt ranking equally with the Notes, it will increase the number of claims that would be entitled to share rateably with Noteholders in any proceeds distributed in connection with an insolvency, bankruptcy or similar proceeding. If the Issuer or its subsidiaries incur additional debt that is structurally senior or that would otherwise come prior to the Notes, it could increase the risks of Noteholders as compared with the holders of such senior instruments.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of each potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Notes.

A Noteholder's effective yield on the Notes may be diminished by the tax impact on that Noteholder of its investment in the Notes.

2.2 Risks related to the market generally

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including market interest and yield rates.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchange on which the Notes are traded. The price at which a Noteholder will be able to
sell the Notes may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

**Exchange rate risks and exchange controls**

The Issuer will pay principal and interest on the Notes in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “Investor's Currency”) other than Euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

**Interest rate risks**

The Notes bearing interest at a fixed rate, investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.
TERMS AND CONDITIONS OF THE NOTES

The terms and conditions of the Notes (the “Conditions”) will be as follows:

The issue of the €500,000,000 2.875 per cent. Notes due 29 May 2020 (the “Notes”) by COMPAGNIE PLASTIC OMNIUM (the “Issuer”) was authorised pursuant to a resolution of the Board of Directors (Conseil d'administration) of the Issuer dated 25 April 2013. The Issuer has entered into a fiscal agency agreement to be dated 27 May 2013 (the “Fiscal Agency Agreement”) with BNP Paribas Securities Services as fiscal agent, paying agent and calculation agent (the “Fiscal Agent”, the “Paying Agent” and the “Calculation Agent”, which expressions shall, where the context so admits, include any successor for the time being as fiscal agent, paying agent or calculation agent). Copies of the Fiscal Agency Agreement are available, without charge, for inspection, during normal business hours at the specified offices of the Fiscal Agent. References below to “Conditions” are, unless the context otherwise requires, to the numbered paragraphs below. In these Conditions, “holder of Notes”, “holder of any Note” or “Noteholder” means the person whose name appears in the account of the relevant Account Holder (as defined below) as being entitled to such Notes.

1. Form, Denomination and Title

The Notes are issued on 29 May 2013 (the “Issue Date”) in dematerialised bearer form (au porteur) in the denomination of €100,000 each. Title to the Notes will be evidenced in accordance with Articles L.211-3 et seq. and R.211-1 et seq. of the French Code monétaire et financier by book entries (inscription en compte). No physical document of title (including certificats représentatifs pursuant to Article R.211-7 of the French Code monétaire et financier) will be issued in respect of the Notes.

The Notes will, upon issue, be inscribed in book entry form in the books of Euroclear France (“Euroclear France”), which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “Account Holders” shall mean any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes depositary banks for Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) and Euroclear Bank S.A./N.V. (“Euroclear”).

Title to the Notes shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Notes may only be effected through, registration of the transfer in such books, and only in the denomination of €100,000.

2. Status

The principal and interest in respect of the Notes constitute direct, unconditional, unsubordinated and (subject to Condition 3 “Negative Pledge” below) unsecured obligations of the Issuer and rank and will at all times rank pari passu and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

3. Negative Pledge

So long as any of the Notes remains outstanding (as defined below), the Issuer will not create or permit to subsist any Security Interest upon the whole or any part of the Issuer’s assets, revenues or rights, present or future, to secure (i) any Relevant Debt (as defined below) incurred by the Issuer, or (ii) any guarantee or indemnity in respect of any Relevant Debt (whether before or after the issue
of the Notes) unless, at the same time or prior thereto, the Issuer's obligations under the Notes are equally and rateably secured therewith.

For the purposes of this Condition 3:

“outstanding” means in relation to the Notes, all the Notes issued other than (i) those which have been redeemed on their due date or otherwise in accordance with the Conditions, (ii) those in respect of which claims have been prescribed under Condition 9 and (iii) those which have been purchased and cancelled in accordance with the Conditions.

“Relevant Debt” means any present or future indebtedness for borrowed money in the form of, or represented by, loan agreements under format of Schuldspchein, bonds (obligations), notes or other securities which are for the time being, are to be, or are capable of being, quoted, admitted to trading, listed or ordinarily dealt in on any stock exchange, multilateral trading facility, over-the-counter market or other securities market.

“Security Interest” means mortgage, lien, charge, pledge or other form of security interest (sûreté réelle) including, without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction.

4. Rate of interest

4.1 Interest Payment Dates

The Notes bear interest from, and including, 29 May 2013 (the “Interest Commencement Date”) to, but excluding, 29 May 2020 (the “Maturity Date”) at the rate of 2.875 per cent. per annum payable annually in arrear on 29 May in each year (each an “Interest Payment Date”).

4.2 Interest Payments

Each Note will cease to bear interest from the due date for redemption, unless payment of principal is improperly withheld or refused on such date. In such event, interest on such Note shall continue to accrue at the same rate of interest (both before and after judgment) until the calendar day (included) on which all sums due in respect of such Note up to that calendar day are received by or on behalf of the relevant holder.

If interest is required to be calculated for a period of less than one year, it will be calculated on an Actual/Actual (ICMA) basis for each period, that is to say the actual number of calendar days elapsed during the relevant period divided by 365 (or by 366 if a February 29 is included in such period), the result being rounded to the nearest cent (half a cent being rounded upwards).

5. Redemption and Purchase

The Notes may not be redeemed otherwise than in accordance with this Condition 5 or with Condition 8.

(a) Final Redemption

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed by the Issuer in full at their principal amount on the Maturity Date.

(b) Make-Whole Redemption by the Issuer
The Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days’ irrevocable notice in accordance with Condition 11 to the Noteholders, redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the “Optional Redemption Date”). Any such redemption of Notes shall be made on the Optional Redemption Date at their Make-Whole Redemption Amount.

For the purpose hereof,

“Make-Whole Redemption Amount” means an amount determined by the Calculation Agent, equal to the greater of (x) 100% of the principal amount of such Notes and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accrued on the Notes to, but excluding, the Optional Redemption Date) discounted to the Optional Redemption Date on an annual basis at the Make-Whole Redemption Rate plus a Make-Whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

“Make-Whole Redemption Margin” means 0.50 per cent.

“Make-Whole Redemption Rate” means the average of the four (4) quotations given by the Reference Banks of the mid-market annual yield to maturity of the Reference Bund on the fourth business day in Paris preceding the Optional Redemption Date at 11:00 a.m. (Central European time (CET)). If the Reference Bund is no longer outstanding, a Similar Security will be chosen by the Calculation Agent in its reasonable judgment, at 11:00 a.m. (Central European time (CET)) on the fourth business day in Paris preceding the Optional Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 11. The Make-Whole Redemption Rate will be notified by the Issuer in accordance with Condition 11.

“Reference Bund” means the 3.25 per cent. German Federal Government Bond of Bundesrepublik Deutschland due 4 January 2020, with ISIN DE0001135390.

“Reference Bank” means the Joint Lead Managers or each of the four banks that may include any of the Joint Lead Managers) selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

“Similar Security” means a reference bond or reference bonds issued by the German Federal Government having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

(c) Redemption for Taxation Reasons

(i) If, by reason of a change in French law or regulation, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts (whether in respect of some of, or all, the Notes) as specified in Condition 7, the Issuer may at any time, subject to having given not more than 45 nor less than 30 calendar days’ prior notice to the Noteholders in accordance with Condition 11 (which notice shall be irrevocable), redeem all, but not some only, of
the Notes outstanding at their principal amount, together with all interest accrued to the date fixed for redemption, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal or interest without withholding for French taxes.

(ii) If the Issuer would on the occasion of the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, subject to having given not less than seven calendar days' prior notice to the Noteholders in accordance with Condition 11 (which notice shall be irrevocable), redeem all, but not some only, of the Notes at their principal amount, together with all interest accrued to the date fixed for redemption of which notice hereunder may be given, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount of principal or interest payable in respect of the Notes or, if such date has passed, as soon as practicable thereafter.

(d) Redemption at the option of Noteholders following a Change of Control

If at any time while any Note remains outstanding there occurs a Change of Control, each Noteholder will have the option (the “Put Option”) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem the Notes under Condition 5(c)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Redemption Date (as defined below) at an amount equal to 100 per cent. of its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date.

A “Change of Control” in respect of the Issuer shall be deemed to have occurred at each time (whether or not approved by the Issuer) that any Relevant Person(s), other than Burelle S.A., at any time following the Issue Date, acquire(s) Control of the Issuer.

“Relevant Person” means any person or persons acting in concert, or any person or persons acting on behalf of any such person(s).

“Control” has the meaning given in Article L.233-3 of the French Code de commerce and “acting in concert” has the meaning given in Article L.233-10 of the French Code de commerce.

Promptly upon becoming aware that a Change of Control has occurred, the Issuer shall give notice (a “Put Event Notice”) to the Noteholders in accordance with Condition 11 specifying the nature of the Change of Control and the procedure for exercising the Put Option contained in this Condition 5(d).

To exercise the Put Option a Noteholder must transfer (or cause to be transferred by its Account Holder) its Notes to be so redeemed or purchased to the account of the Fiscal Agent (details of which are specified in the Put Event Notice) for the account of the Issuer within the period of 45 calendar days after the Put Event Notice is given (the “Put Period”), together with a duly signed and completed notice of exercise in the then current form obtainable from the specified office of any Paying Agent (a “Put Option Notice”) and in
which the holder may specify an account denominated in euro to which payment is to be made under this Condition 5(d). A Put Option Notice once given will be irrevocable.

The Issuer shall redeem or, at its option, procure the purchase of the Notes in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer of such Notes to the account of the Fiscal Agent for the account of the Issuer as described above, on the date which is the tenth Business Day (as defined below) following the end of the Put Period (the “Optional Redemption Date”). Payment in respect of any Note so transferred will be made in euro on the Optional Redemption Date to the account denominated in euro (or any other account to which euro may be credited or transferred) specified in the relevant Put Option Notice opened with a bank in a city in which banks use the TARGET System (as defined in Condition 6 below).

(e) Purchases

The Issuer may at any time purchase Notes (together with rights to interest relating thereto) in the open market or otherwise (including by way of tender or exchange offer) at any price and on any condition, subject to compliance with any applicable laws. Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-1-A of the French Code monétaire et financier for the purpose of enhancing the liquidity of the Notes.

(f) Cancellation

All Notes which are redeemed or purchased for cancellation by the Issuer pursuant to this Condition 5 will forthwith be cancelled and accordingly may not be reissued or resold.

6. Payments

6.1 Method of Payment

Payments of principal, interest and other amounts in respect of the Notes will be made in euro, by credit or transfer to an account denominated in euro (or any other account to which euro may be credited or transferred) specified by the payee with a bank in a city in which banks use the TARGET System (as defined in Condition 6.2 below). Such payments shall be made for the benefit of the Noteholders to the Account Holders and all payments made to such Account Holders in favour of Noteholders will be an effective discharge of the Issuer and the Fiscal Agent, as the case may be, in respect of such payment.

Payments of principal and interest in respect of the Notes will be made subject to any fiscal or other laws and regulations applicable thereto, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders in respect of such payments.

6.2 Payments on Business Days

If any due date for payment of principal, interest or any other amount in respect of any Note is not a Business Day (as defined below), then the Noteholder shall not be entitled to payment of the amount due until the next following calendar day which is a Business Day and the Noteholder shall not be entitled to any interest or other additional sums in respect of such postponed payment.

For the purposes of these Conditions, “Business Day” means any day, not being a Saturday or a Sunday, (i) on which foreign exchange markets and commercial banks are open for business in Paris (ii) on which Euroclear France is operating and (iii) on which the Trans-European Automated
Real-Time Gross Settlement Express Transfer (known as TARGET2) system (the “TARGET System”) or any successor thereto is operating.

Any termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than 45 nor less than 30 calendar days’ notice thereof shall have been given to the Noteholders by the Issuer in accordance with Condition 11.

7. Taxation

7.1 Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature (“Taxes”) imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
7.2 Additional Amounts

If, pursuant to French laws or regulations, payments of principal or interest in respect of any Note become subject to deduction or withholding in respect of any present or future Taxes imposed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Note, after such deduction or withholding, will receive the full amount then due and payable thereon in the absence of such withholding; provided, however, that the Issuer shall not be liable to pay any such additional amounts in respect of any Note:

(a) to, or to a third party on behalf of a Noteholder who is liable to such Taxes in respect of such Note by reason of his having some connection with France other than the mere holding of such Note; or

(b) where such deduction or withholding is imposed on a payment to an individual or to a residual entity as set out in Article 4(2) of European Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and is required to be made pursuant to such Directive or any other European Union Directive implementing the conclusion of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the ECOFIN Council on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive or Directives.

Any reference in these Conditions to principal and/or interest shall be deemed to include any additional amounts which may be payable under this Condition 7.

8. Events of Default

The Representative of the Masse (as defined in Condition 10), at the request of any Noteholder or in his own discretion, may, upon written notice to the Issuer (copy to the Fiscal Agent), cause all, but not some only, of the Notes to become immediately due and payable, at their principal amount together with any accrued interest thereon until their actual redemption date if any of the following events (each an “Event of Default”) shall have occurred and be continuing:

(a) Non payment: any amount of principal or interest in respect of any Note is not paid on the due date thereof and such default is not remedied within a period of 15 calendar days from such due date; or

(b) Breach of other obligations: default by the Issuer in the due performance of any provision of the Notes other than as referred in (a) above, if such default shall not have been cured within 30 calendar days after receipt by the Issuer of written notice of such default; or

(c) Cross default of Issuer:

(i) any indebtedness for borrowed money of the Issuer is not paid when due or (as the case may be) within any originally applicable grace period;

(ii) any indebtedness for borrowed money of the Issuer becomes (or becomes capable of being declared) due and payable prior to its stated maturity; or

(iii) the Issuer fails to pay when due any amount payable by it under any guarantee of any indebtedness for borrowed money;
provided that the amount of indebtedness for borrowed money referred to in sub-paragraph (a) and/or sub-paragraph (b) above and/or the amount payable under any guarantee referred to in sub-paragraph (c) above individually or in the aggregate exceeds Euro 30,000,000 (or its equivalent in any other currency or currencies); or

(d) Insolvency, etc: the Issuer, (i) makes any proposal for a general moratorium in relation to its debt or applies for the appointment of an ad hoc representative (mandataire ad hoc), or (ii) applies to enter into a conciliation procedure (procédure de conciliation) with its principal creditors or (iii) a judgment is issued for the judicial liquidation (liquidation judiciaire) or for a judicial transfer of the whole of the business (cession totale de l'entreprise) of the Issuer, or (iv) to the extent permitted by law, the Issuer is subject to any other insolvency or bankruptcy proceedings under any applicable laws, or (v) the Issuer makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors.

10. Representation of the Noteholders

The Noteholders will be grouped automatically for the defence of their common interests in a masse (hereinafter referred to as the “Masse”).

The Masse will be governed by the provisions of the French Code de commerce with the exception of Articles L.228-48, L.228-59, R.228-67, R.228-69 and R.228-72 thereof, and by the conditions set out below, provided that notices calling a general meeting of the Noteholders (a “General Meeting”) and the resolutions passed at any General Meeting and any other decision to be published pursuant to French legal and regulatory provisions will be published only as provided under Condition 11 below:

(a) Legal Personality

The Masse will be a separate legal entity, by virtue of Article L.228-46 of the French Code de commerce acting in part through a representative (the “Representative”) and in part through a General Meeting.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

(i) the Issuer, the members of its Board of Directors (Conseil d’administration), its general managers (directeurs généraux), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or

(ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (gérants), general managers (directeurs généraux), members of their

France

The alternative representative (the “Alternative Representative”) shall be:

Marc Gueguen
c/o Natixis
47, quai d’Austerlitz
75013 Paris
France

In the event of death, incompatibility, resignation or revocation of the Representative, such Representative will be replaced by the Alternative Representative. The Alternative Representative shall have the same powers as the Representative.

In the event of death, incompatibility, resignation or revocation of the Alternative Representative, a replacement will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the name and address of the Representative at the primary business office of the Issuer and at the offices of the Paying Agent.

(c) Powers of the Representative

The Representative shall, in the absence of any decision to the contrary of the General Meeting of Noteholders, have the power to take all acts of management to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them must be brought against the Representative or by it, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) General Meetings

General Meetings may be held at any time, on convocation either by the Issuer or the Representative. One or more Noteholders, holding together at least one-thirtieth of outstanding Notes may address to the Issuer and the Representative a demand for
convocation of the General Meeting; if such General Meeting has not been convened within two months from such demand, such Noteholders may commission one of themselves to petition the competent court in Paris to appoint an agent (mandataire) who will call the meeting.

Each Noteholder has the right to participate in General Meetings in person, by proxy, correspondence, or, if the statuts of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders. Each Note carries the right to one vote.

(e) Powers of General Meetings

A General Meeting is empowered to deliberate on the fixing of the remuneration of the Representative and on its dismissal and replacement, and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorizing the Representative to act at law as plaintiff or defendant.

A General Meeting may further deliberate on any proposal relating to the modification of these Conditions, including:

(i) any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions; and

(ii) any proposal relating to the issue of securities carrying a right of preference compared to the rights of Noteholders,

it being specified, however, that a General Meeting may not increase amounts payable by the Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert the Notes into shares of the Issuer or any other entity.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-thirds majority of votes cast by the Noteholders attending such meeting or represented thereat.

(g) Expenses

The Issuer will pay all reasonable expenses incurred in the operation of the Masse, including expenses relating to the calling and holding of meetings and the expenses which arise by virtue of the remuneration of the Representative, and more generally all administrative expenses resolved upon by a General Meeting of the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable on the Notes.

(h) Notice of Decisions

Decisions of the meetings shall be published in accordance with the provisions set out in Condition 11 not more than 90 calendar days from the date thereof.

11. Notices

Any notice to the Noteholders will be duly given if delivered to Euroclear France or published, so long as the Notes are listed on Euronext Paris and the rules of that stock exchange so require, in a leading daily newspaper having general circulation in France (which is expected to be the Les Echos).

Any notice to the Noteholders shall be deemed to have been given on the date of such publication or if published on different dates, on the date of the first publication.

12. Further Issues and Assimilation

The Issuer may from time to time without the consent of the Noteholders issue further notes to be assimilated (assimilables) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects save for the issue price and the first payment of interest thereon) and that the terms of such further notes shall provide for such assimilation.

In the event of such assimilation, the Noteholders and the holders of such further notes will be grouped together in a single masse for the defence of their common interests. References in these Conditions to the Notes include any other notes issued pursuant to this Condition and assimilated with the Notes.

13. Governing Law and Jurisdiction

The Notes are governed by, and shall be construed in accordance with, the laws of France.

For the benefit of the Noteholders, the Issuer submits to jurisdiction of the competent courts in Paris. This submission shall not limit the right of any Noteholder to take proceedings in any other court of competent jurisdiction.

While global automobile production declined by 1% in first-quarter 2013, **Plastic Omnium Automotive** saw new growth in revenue, which rose by 4.0% as reported and by 4.6% at comparable exchange rates and scope of consolidation.

This above-market performance was again led by business outside Western Europe, which expanded by 11% and accounted for 59% of the consolidated total. North America was the region that contributed the most to growth during the period and the United States was the country that made the greatest contribution to revenue. Revenue growth in Eastern Europe was supported by the fuel systems joint venture in Russia, created in April 2012, and a new plant in Hungary that produces front-end modules. Sales in South America benefited from a new plant set up in Brazil and from a market that returned to a solid pace of growth, following a year of stability in 2012. The increase in Asia was led by China, where a new plant was brought on stream in the first quarter and six others are being built.

During the first three months of 2013, new orders for innovative equipment were received from Jaguar Land Rover for composite tailgates, from BMW for TSBM fuel systems and from General Motors for diesel-vehicle SCR emissions-control systems. The trend toward replacing metal with plastic also picked up speed in Asia. After Toyota in India, Suzuki has decided to gradually replace metal with plastic for its fuel tanks and has placed an initial order for plastic tanks in India and Thailand with Plastic Omnium Auto Inergy.

**Sales from Plastic Omnium Environment** were sustained in France and Spain but impacted by difficulties in other Western European markets.
In the second quarter, worldwide automobile production is trending more favorably. For the full year, Compagnie Plastic Omnium is confirming its forecast for growth that outpaces the increase in worldwide automobile production, which is still expected to increase by 1% to 2%. Compagnie Plastic Omnium will announce its interim financial results on 24 July 2013.
TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in France or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries’ tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Prospectus and is subject to any change in law that may take effect after such date.

1. EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted Directive 2003/48/EC on the taxation of savings income (the “Savings Directive”). Pursuant to the Savings Directive, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, inter alia, details of payments of interest within the meaning of the Savings Directive (interest, premium or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State or to certain limited types of entities established in that other Member State (the “Disclosure of Information Method”).

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg and Austria), instead of using the Disclosure of Information Method used by other Member States, unless the relevant beneficial owner elects for the Disclosure of Information Method, withhold an amount on interest payments. The rate of such withholding tax is currently 35 per cent. Indeed, under current Luxembourg tax laws and subject to the application of the Luxembourg laws dated 21 June 2005 (the “June 2005 Laws”) implementing the Savings Directive, a Luxembourg-based Paying Agent (within the meaning of the Savings Directive) is required since 1 July 2005 to withhold tax on interest and similar income paid by it to (or under certain circumstances, to the benefit of) an individual or a residual entity in the sense of article 4.2. of the Savings Directive (i.e. an entity (i) without legal personality, except for a Finnish avoin yhtiö and kommandityhtiö / öppet bolag and kommanditbolag and a Swedish handelsbolag and kommanditbolag, (ii) whose profits are not taxed under the general arrangements for the business taxation and (iii) that is not, or has not opted to be considered as, an undertaking for collective investment in transferable securities (“UCITS”) recognised in accordance with Council Directive 2009/65/EC, resident or established in another Member State as Luxembourg or in any of the of associated territories of the European Union (i.e. Aruba, British Virgin Islands, Guernsey, Isle of Man, Jersey, Montserrat, as well as the former Netherlands Antilles, i.e. Bonaire, Curacao, Saba, Sint Eustatius and Sint Maarten) unless the beneficiary of the interest payments elects for the exchange of information procedure or for the tax certificate procedure.

Such transitional period was supposed to end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the “OECD Model Agreement”) with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive. However, on 10 April 2013, the Luxembourg government announced that the 35% withholding tax will be
anticipatively and unilaterally replaced in Luxembourg by the Disclosure of Information Method as of 1 January 2015.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

The European Commission has proposed certain amendments to the Savings Directive, which may, if implemented amend or broaden the scope of the requirements described above.

2. France

2.1 Withholding Tax

The following is a summary of certain withholding tax considerations that may be relevant to holders of Notes who (i) are non-French residents, (ii) do not hold their Notes in connection with a business or profession conducted in France, as a permanent establishment or with a fixed base in France, and (iii) do not currently hold shares of the Issuer.

Pursuant to Article 125 A III of the French Code général des impôts, payments of interest and other revenues made by the Issuer with respect to the Notes are not subject to the withholding tax unless such payments are made outside France in a non-cooperative State or territory (Etat ou territoire non coopératif) within the meaning of Article 238-0 A of the French Code général des impôts (a “Non-Cooperative State”), in which case, a 75 per cent. withholding tax is applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty). The 75 per cent. withholding tax is applicable irrespective of the tax residence of the holder of the Notes.

The list of Non-Cooperative States is published by a ministerial executive order, which is updated on a yearly basis.

Furthermore, in application of Article 238 A of the French Code général des impôts, interest and other revenues on such Notes are not deductible from the Issuer’s taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid to a bank account opened in a financial institution located in a Non-Cooperative State (the “Deductibility Exclusion”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French Code général des impôts, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French Code général des impôts, at a rate of 30 per cent. or 75 per cent. (subject to more favourable provisions of any applicable double tax treaty).

Notwithstanding the foregoing, the law provides that neither the 75 per cent. withholding tax set out under Article 125 A III of the French Code général des impôts nor the Deductibility Exclusion will apply in respect of the Notes if the Issuer can prove that the principal purpose and effect of the issue of the Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “Exception”). Pursuant to Bulletin officiel des Finances Publiques-Impôts (BOI – ANNX – 000364 – 20120912 and BOI – ANNX – 000366 – 20120912), the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes, if the Notes are, inter alia:

(a) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
(b) admitted, at the time of their issue, to the clearing operations of a central depositary or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositaries or operators provided that such depositary or operator is not located in a Non-Cooperative State.

Consequently, payments of interest and other revenues made by the Issuer under the Notes are not subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts*. In addition, they will be subject neither to the Deductibility Exclusion nor to the withholding tax set out under Article 119 bis 2 of the French *Code général des impôts* solely on account of their being paid to a bank account opened in a financial institution located in a Non Cooperative State or accrued or paid to persons established or domiciled in a Non Cooperative State.

### 2.2 EU Savings Directive

The Savings Directive has been implemented into French law under Article 242 ter of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

1. **Placement agreement**

Pursuant to a subscription agreement dated 27 May 2013 entered into between Deutsche Bank AG, London Branch, Natixis and The Royal Bank of Scotland plc (the “Joint Lead Managers”) and the Issuer (the “Subscription Agreement”), the Joint Lead Managers have agreed with the Issuer, subject to satisfaction of certain conditions, to procure subscription and payment by investors for the Notes, or to subscribe and pay for the Notes on 29 May 2013 at a price of 99.221 per cent. of their principal amount. The Subscription Agreement entitles, in certain circumstances, the Joint Lead Managers to terminate it prior to payment being made to the Issuer. The Issuer has agreed to indemnify the Joint Lead Managers against certain liabilities in connection with the offer and sale of the Notes.

2. **Selling Restrictions**

Terms used in this paragraph and not otherwise defined in the Prospectus have the meanings given to them by Regulation S under the Securities Act (“Regulation S”).

The Joint Lead Managers have agreed that they have not offered or sold, and will not offer or sell, the Notes (i) as part of its distribution at any time or (ii) otherwise until 40 days after completion of the distribution of the Notes as determined, and certified to the Issuer by the Joint Lead Managers, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each distributor or dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

The Notes are being offered and sold only outside the United States to non-U.S. persons in compliance with Regulation S and U.S. tax law.

In addition, until 40 days after the commencement of the offering of the Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

2.2 **United Kingdom**

The Joint Lead Managers have represented and agreed that (in connection with the initial distribution of the Notes only):

(a) they have only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by them in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

2.4 General

No action has been taken in any jurisdiction that would permit an offer to the public of any of the Notes. Neither the Issuer nor the Joint Lead Managers represents that Notes may at any time lawfully be resold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such resale.

The Joint Lead Managers have agreed that they will, to the best of their knowledge, comply with all relevant securities laws, regulations and directives in each jurisdiction in which they purchase, offer, sell or deliver Notes or have in their possession or distribute this Prospectus or any other offering material relating to the Notes and obtain any consent, approval or permission required for the purchase, offer or sale of the Notes under the laws and regulations in force in any jurisdiction in which they make such purchase, offer or sale and the Issuer shall have no responsibility therefore.
